— REAL FREEDOM —

It's always challenging to put money aside but when you are saving for something in particular, it's nice to be able to separate that money from your other accounts. Our Club Accounts make it easy for you to separate your money so that it's not lumped together in one place. This way you can visualize your savings to help you reach those special goals.

We offer Special Savings, Vacation Club Savings and Christmas Club Savings accounts. All of these are simply sub-accounts under your main account number. Deposit a set amount each pay period and before you know it, you will have built up a small fund to use for the things you want.

## THINK ABOUT IT THIS WAY...

- Save \$10 per week and after one year you'll have \$520.
- Save \$20 per week and after one year you'll have \$1040.
- Save \$50 per week and after one year you'll have \$2600.

You pick an amount that works for your budget and then begin making regular deposits into your club account! Using payroll deduction or direct deposit makes it even easier. You can tell us the amount to deposit to your club account. We will set it up so that with each payroll or direct deposit, that amount is automatically split from the rest of your money and deposited to the club account.

## SPECIAL SAVINGS

Ever have trouble coming up with money for insurance or other big ticket items? Whether you're saving for a down payment on a car or house, next month's rent, retirement or anything that is important to you, a special savings makes it easy for you to set your goal and watch the amount grow as you make deposits. You can name the account yourself; just let us know how you want the account to appear on your statement, and we will change the description to match your request.
